NOTICE TO OUR MEMBERS: POOL UPDATE

On June 24th, 2010 work began to repair the damaged pool equipment and begin installation of new pumps, valves, piping and electrical.

Unfortunately during this process and upon further inspection, we discovered a number of additional and significant plumbing problems and the damage was much more than extensive than originally thought. Due to these discoveries, we will not be able to open the pools this week.

We would like to inform all YMCA members and residents of this community that we are working diligently with our Board of Directors as well as contractors to ensure that the pools are reopened as soon as possible.

The YMCA of Wood Buffalo is a charity that has been operating the Westwood facility for over 30 years. Maintaining facilities of this age come with many challenges and we would like to show our gratitude for all those that have taken the time to offer their support through emails and phone calls and visits to Membership services.

Updates will be provided as soon as information becomes available. To read the latest updates, please visit our website at www.ymca.woodbuffalo.org

If you have any questions, please contact Sonya Earle, Regional VP for the YMCA of Wood Buffalo.
